16th July 2020

Dear Parent(s)/Carer(s)

Re. Plans for September: 6. Overview of plan (16th July 2020)

This is the sixth and final letter to you about the plans for September before we finish the summer term. I would encourage you to talk these plans through with your child/children so that they understand the changes that we are putting into effect.

We have put together an alphabetical guide (attached to this communication) that goes through the main plans for our return in September. There are still a number of issues that we need to refine over the summer break, such as the system that will be used to order food from the canteen, but I hope that this provides you with a clear summary of what the pupil experience will be like in September.

It is worth stressing that the experience is likely to be very different from the norm, especially for those pupils who have not been on site since the end of March.

We will all need to make adjustments to respond to the changes in expectations and logistics but I am confident that we are well-placed to resume a full academic offer in September.

The school will not be open over the summer holiday except for the distribution of examination results (separate communications have gone home about this) and the summer school provision that we hope to be running for our new Year 7 pupils.

I will write home tomorrow with my final letter at the end of this extraordinary year.

Best wishes.

Mr Jeremy Scott
Headteacher
